

# 'Lola'

CPVO: Hans Lola, Application No.: 20190145

## Cultivar description

<b>Harvest time</b>	junebearer, midseason to late, balanced without peaks, 2 days later than 'Aprica', longer harvest window (1 week longer)
<b>Reference cultivars</b>	'Aprica', 'Elegance'
<b>Fruit size</b>	large to medium (20-22 g on average, first fruit up to 38 g)
<b>Fruit appearance</b>	shiny bright red, attractive, glossy
<b>Fruit firmness</b>	firm flesh, firm skin
<b>Shelf life</b>	best scores, comparable to 'Elegance'
<b>Flavour</b>	pleasant, balanced sugar-to-acid ratio
<b>Yield</b>	very high
<b>Picking</b>	easy
<b>Plant habit</b>	compact but not weak → low workload
<b>Resistances</b>	healthy plants, no obvious susceptibility to diseases
<b>Use</b>	fresh market, direct marketing, home garden
